

THE (very simple) 'RULES:

1. The pumpkin can be any size. It needs to be carved with a candle inside which needs to be lit at the start of the race.
2. The pumpkin needs wheels of any fashion with a minimum of one axle through the pumpkin. Maximum diameter of the wheels is 16".
3. The course will run from the top of Hidden Canyon Cove and Canyon Crossing to the bottom of the hill or as far as those wheels will carry them! The pumpkins will start on a 1/4 pipe ramp. Races will be either first to finish or furthest distance. Winner's pumpkins must stay on the road.
4. Bring the family, have lots of fun and call if you have any questions! Call to let us know if you are coming for the pizza order.
